

Emily Diffey

Isle of Wight County Press – 5 March 1898

NEWPORT.

A SAD CASE – of family trouble and bereavement which came under our notice will excite much sympathy for Mr. F. Diffey, of Carisbrooke-road. Worn out by devoted attention to her family of eight children, who were suffering from scarlet fever imported into the house, Mrs. Diffey caught the disease herself and died. At the same time Mr. Diffey was laid by with influenza, but happily he and the children have recovered. His business has greatly suffered.
