Death Notice:

BARRETT.---Oct. 19, at 52 Sea-street, Newport, Harry Michael BARRETT, aged 59.

Isle of Wight County Press 24 October 1914

RAILWAY CRANE-DRIVER'S DEATH.---The death occurred rather suddenly on Monday of Mr. Harry BARRETT, aged 59, employed as crane-driver at the Jetty, near Cowes, by the I.W. Central Railway Company. Deceased went to his work by the 8.15 train on Monday morning, but was taken ill with a seizure soon afterwards and died after being removed home. He formerly served in the Navy, and was on *H.M.S. Thunderer* when her boilers burst. He recently lost one of his soldier sons, who was killed in action in France. Much sympathy is felt with the widow and family, who have recently suffered another family bereavement.

The funeral took place on Thursday afternoon, the Rev. J. L. SPRATT officiating, at St. Thomas's Church and at the Newport Cemetery, where the interment took place. In addition to four sons and three daughters of deceased, several of his old fellow employees of the railway were present, and there were a number of beautiful floral souvenirs from relatives and friends.

Mr. G. F. QUINTON was the undertaker.
